We are pleased to sponsor a full day, upper-level program dealing with today's most significant labor and employee relations issues. The program will discuss recent legal developments, trends in the areas of bargaining and organizing, employment law developments and dispute resolution practices.

Though there are now imitations, this is the original program in the Midwest created solely for labor relations experts, and your presence would be a significant contribution to the program. To the greatest extent possible, we will encourage open discussion and the sharing of ideas.

Program has been approved for 7.5 Wisconsin CLE credits  
and has applied for Minnesota CLE Credits,.
